

# KW Fresh Tropical

Low-acidic cleaner

Applications/work methods

## Purpose of use

Low-acidic cleaner for use in maintenance cleaning of sanitary facilities. Suitable for use in personnel, sports, swimming pool, spa, sauna and sanitary facilities. KW Fresh is also suited for use in high-temperature sauna facilities.

Suitable also for use in construction cleaning to bind heavy concrete dust. When used regularly, KW Fresh prevents the build-up of rust, copper, limescale, etc. deposits on cleaned surfaces. This avoids the use of strong acidic cleaning agents and ensures that surfaces remain clear and clean. Regular use of KW Fresh is recommended for surfaces with problems in build-up of deposits.

## Properties

Clear, greenish, unscented liquid.

## Contents

Non-ionic surfactants <5%  
Odorant  
Colourant  
pH of concentrate 2.5  
pH of solution 4.5  
Biodegradable product.
