

BioTroop Wash

Probiotic cleaning agent

Purpose of use

Detergent concentrate that combines high-performance surfactants with natural microorganisms that provide an effective way to clean hard and soft surfaces. The result is a superior, environmentally safe solution for a wide range of cleaning applications. BioTroop Wash contains environmentally friendly microbes that use organic waste as food. This process eliminates odors that cause bad odors by keeping the premises / surfaces to be cleaned clean. Fully biodegradable, environmentally friendly and compatible with wastewater treatment plants.

BioTroop Wash is a safe and effective all-in-one product for cleaning, deodorizing and removing stains from hard and soft surfaces. The product's unique odor control capability also extends to wastewater drains and pipework.

Characteristics

Lightly perfumed liquid

Contents
